SCAN TOOL/DIAGNOSTICS

The Evolution functions as a diagnostic tool to display and clear trouble codes with full code description.

GAUGES

The Evolution is a comprehensive gauge package that stays mounted in the cab of the truck. Select from dozens of parameters to monitor and display up to eight gauges at once on your CS/CTS.

MILEAGE COACH

The Mileage Coach was designed with fuel economy in mind! It features tools to help drivers gauge, monitor, and conserve fuel consumption.

MAINTENANCE MANAGER

- Customize a comprehensive list of maintenance items to monitor.
- Set up and monitor each selected maintenance item based on user-defined parameters.
- Set alerts for maintenance services that are coming due.

PERFORMANCE TESTING, ALERTS & RECORDS

Performs and records 0-60 and quarter-mile times; quarter mile MPH; peak engine temperature, RPM, speed and transmission temperature values.

EXPANDABLE (EAS sold separately)

- Compatible with optional Expandable Accessory System (EAS) to allow users to connect multiple, additional accessories.

BACK-UP CAMERA (Camera sold separately)

The Evolution CTS features a built-in video port that allows users to connect the state-of-the-art Edge back-up camera.

Monitors vehicle vitals by displaying up to 8 different parameters at a time

Perform 0-60 and quarter-mile performance tests as well as engine diagnostic scans

CTS is back-up camera ready and engages camera on screen when vehicle is in reverse
